

Beautifully Authentic High-Performance Roofing

Brava Old World Slate

We wanted to capture the beauty and charm of **natural quarried slate**.

Quarried slate has **unique textures and hues.**

Natural Quarried Slate

Brava Old World Slate is the only synthetic slate with **subtle authentic nuances of color variation found in Mother Nature.**

Brava Old World Slate Washington

Brava Old World Slate

Beautiful appearance that fits your home.

No maintenance costs.

50-year transferable warranty.

CLASS

Class A fire rating.

CLASS 4

Highest resistance rating against hail and storm damage.

Lightweight and strong. Does not require any structural changes.

Beautiful appearance that fits your home.

Must be inspected and repaired annually for cracked or slipped tiles, spalling, and fastener failures.

Natural slate is brittle and must be monitored and replaced by a specialist.

CLASS

Class A fire rating.

More susceptible to hail and storm damage.

Heavy weight requires additional structural reinforcement.

Traditional Quarried Slate

Brava Old World Slate Onyx

Beautifully Realistic

A hallmark of Mother Nature is that her colors are rich and varied.

Brava Old World Slate is infused with natural minerals giving it multi-toned hues and textures. By comparison, other synthetics look flat, patterned, and plastic.

Without question, Brava visually matches natural quarried slate like no other.

Brava uses the most advanced UV protection to **guarantee superior long-lasting color.**

Lightweight and Strong

Brava Old World Slate is designed to be beautifully authentic without the extreme weight of natural slate.

Our slate roofing installs easily without the need for costly structural modifications. Go ahead, walk on your new slate roof.

Brava uses state-of-the-art compression molding technology. It's this precision of manufacturing that gives Brava Old World Slate its **unparalleled strength.**

Brava Old World Slate Atlantic

Authentic Natural Look

Brava molds are cast from pieces of hand-chiseled slate. Our slates have natural edges and varied depth of color to create an authentic European feel. Old World Slate has a thick profile and deep color exposure throughout the entire tile.

Once you have it in your hand, you'll see for yourself. **There is no comparison.**

Maintenance Free

Natural slate requires ongoing inspection for mold, cracked or slipped tiles, and rust-colored pyrite stains. Brava Old World Slate is maintenance-free, giving owners superior protection and peace of mind.

Fully Sustainable

We use recycled material in all our products, and we're very proud to share that Brava's Old World Slate is fully recyclable. We are committed to a sustainable future and work hard every day to keep used building materials out of landfills.

"We prefer to use Brava synthetic roofing because it offers the ultimate protection for our homeowners while giving them the traditional natural look they desire."

Lorena Vargas - Contractor

Brava Old World Slate Washington

Brava Old World Slate Danforth

"We get a lot of mold in South Florida. We will never have that issue with Brava. It is close celled. It doesn't consume the water and collect mold."

Steve Barone - Homeowner
