Timberline® UHD
Ultra High Definition® Lifetime Shingles

Imagine what a touch of shadow can do

Color Shown: Weathered Wood

There's a moment when the sun sets at just the right angle over your roof. It creates a touch of shadow that adds definition and depth, that takes your beautiful home and makes it breathtaking.

Dual Shadow

Now imagine that moment lasting all day. That's what we've done with Timberline® UHD Shingles. Already up to 53% thicker than our standard architectural shingles,** Timberline® UHD Shingles are now available with our exclusive Dual Shadow Line,* which delivers an incredibly dimensional and textured look never before seen in a Timberline® roof! Dual Shadow takes your home's curb appeal to even greater heights with depth so exceptional, the impact is unmistakable.

Timberline® UHD Shingle with Dual Shadow Line and StainGuard Plus™ Time-Release Technology*

Our standard architectural shingle**

What's more, Timberline® UHD Shingles also help protect your roof's beauty by fighting the blue-green algae that leaves dark black stains behind — with our exclusive patent-pending StainGuard Plus™ Time-Release Technology.* It provides long-lasting algae resistance so powerful, it comes with a 25-year limited warranty against blue-green algae discoloration.*

Timberline® UHD Shingles. The difference has never been easier to see.
